

service provider MEMBERSHIP

Join Spark Centre's **Service Provider Membership** today and become part of the entrepreneurial community that is helping transform our region's innovative economy.

Spark Centre helps entrepreneurs start rapidly scalable businesses with global market aspirations. Spark Centre provides its clients access to seasoned professionals who help them map the path forward, along with market research, business resources, educational programs and sources of capital to help build these innovative ventures.

Many Spark Centre clients will require professional services that complement our organizations' core offerings. This is why we offer Service Provider Membership; an opportunity to offer our clients a comprehensive platform of professional services and expertise.

Professionals with membership cover the range of services that high growth companies need; lawyers, marketers, sales strategists, graphic designers, liability insurers, automation specialists, HR specialists, software developers and many more.

Your services build on Spark Centre's core offerings to make us the one-stop-shop for our clients and other businesses in the region. You will also be helping to create a robust support system for the entrepreneurs who are contributing to wealth and job creation in our region as well as attracting new investment.
